

FREE OPPORTUNITIES: LIVE WEBINAR SUPPORTS FOR NORTH DAKOTA

Behavior Advantage and SEEC Partnership

SESSION 1 Presented by Charlie Hill, Behavior Advantage **Supporting Student Behavior at Tier 1**

Not every student's behavior improves with Tier 1 support alone. A variety of behavioral best practices for Tier 1 and strong classroom management will be shared, including quality instruction of expected behaviors, strengthening student relationships, and effectively redirecting misbehavior. Strategies and processes will be shared to address more chronic behavior challenges at the individual and whole-class level.

SESSION 2 Presented by Aaron Stabel, Behavior Advantage **Using Check-In/Out and Related Interventions as Tier 2 Interventions**

Not every student's behavior improves with Tier 1 support alone. A variety of behavioral best practices for Tier 1 and strong classroom management will be shared, including quality instruction of expected behaviors, strengthening student relationships, and effectively redirecting misbehavior. Strategies and processes will be shared to address more chronic behavior challenges at the individual and whole-class level.

SESSION 3 Presented by Aaron Stabel, Behavior Advantage **Developing Simple Behavior Plans as Tier 2 Interventions**

When we commit to changing behavior, we need a plan. Whether they're lesson plans or behavior plans, plans help us come together, identify goals and strategies, establish motivation, and most importantly improve consistency so behaviors have a chance to change. The good news is that these interventions don't need to be complicated and they don't have to be implemented forever to be effective. Join us to learn how simple behavior plans can be developed and implemented efficiently for students with a variety of behavioral challenges.

SESSION 4 Presented by Jennifer Glasheen, SEEC **Planning for Behavior Supports**

Session 4 will provide an opportunity to discuss how schools can utilize Behavior Advantage PD series to support all educators in the building and plan professional development.

4 SESSIONS

DATES

- Session 1: Feb 28th
- Session 2: Mar 27th
- Session 3: Apr 10th
- Session 4: Apr 24th

TIME

- 3:15 - 4:15 pm (CT)
